### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance claims 1, 15 and 21 is that the prior art of record does not teach the media flipper which engages and moves media in a first direction and to a second opposite direction towards one of a second path and a third path and a redirector (claim 1), redirection means (claim 15) and a director (claim 21) which selectively directs the media in reverse or second direction into either a second path or a third path as argued by applicant (the Remarks, page 8, first paragraph and page 9, second paragraph).

The primary reason for allowance claim 8 is that the prior art of record does not teach the step of selectively directing the reversed media sheet to one of two potential path recited in the claim as argued by applicant (the Remarks, the paragraph bridging pages 8 and 9).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
